MEMORANDUM

To: Village Board
From: Jeremy Smith, Village Administrator
Re: Village Board Meeting- February 8, 2022
Date: February 2, 2022

4.A. Village President Report- report on meetings attending and upcoming communications, and recognitions including Successfully Sussex Awards.

5.A.1. The Finance and Personnel Committee recommends approval of the January Check Register and P-card Statement in the amount of \$9,731,478.59. Please see the disbursement summary and registers for additional information.

5.A.2. The Finance and Personnel Committee recommends approval of the December Ace Hardware purchases in the amount of \$2,728.44. Please see the disbursement summary for additional information.

5.A.3. The Finance and Personnel Committee recommends approval of the 4th Quarter Investment Report. The balances show a net increase of about \$12.2 million since the last quarter. This is due mainly to tax collections offset with debt payments and payments for the road program. The rate at the LGIP increased one basis point (0.01%). Everything else was stable at very low rates. Based on the balances at quarter-end, the average yield for the quarter remains at 0.06% for the fourth quarter. See the Finance Director's report for additional information.

5.B.1. The Public Works Committee recommends approval of bills for payment in the amount of \$5,359.64. Please see the disbursement summary for additional information.

5.B.2. The Public Works Committee recommends approval of the contract, including Alternate #1, be awarded to Globe Construction, Inc., at the unit prices specified in their bid for work actually performed. We further recommend a 10% contingency fund (\$91,792.05) be included for a total allocation not to exceed \$1,009,712.55. See the attached memo from Village Engineer, Judith Neu, for additional information.

5.B.3. The Public Works Committee recommends approval of the easement with Adron Tool Corp. The Village gets the right, but not the obligation to flush and ensure operation of the hydrant. Please see the easement for more information.

5.B.4. The Public Works Committee recommends approval to repair of Raw Sewage Pump #3 with approved funds in the 2022 budget, not to exceed \$95,000.00. Raw sewage pump #3 had a severe vibration while operating, and we removed the pump in November 2021

from service and sent it to the factory for inspection and repair. Fairbanks Nijhuis disassembled the pump, sandblasted, cleaned and inspected all components. Pump inspection revealed wear and corrosion on the non-moving parts, to include; discharge head, column pipes, and diffuser bowl. These items can be welded and machined to restore the proper clearances. The funds would come out of the wastewater treatment plant's equipment replacement fund, in which there is \$961,403. See the attached memo for additional information.

5.B.5. The Public Works Committee recommends purchasing of the Metal Press plow from Brooks Tractor. The plow was funded as part of the 2022 budget and at \$40,900.00 this plow comes in \$350.00 under budget. This plow will be used for the clearing of cul-du-sacs throughout the Village, shaving hours off the time it takes to complete that task. On average it takes a patrol truck 12-15 minutes to completely plow out a cul-du-sac. With this plow on our current loader, staff believe it will now take 5 minutes to clear a cul-du-sac. Please see the attached Memo from PW Foreman, Scott Ascher, for additional information.

Highlights of the Quarter:

- ❖ The balances show a net increase of about \$12.2 million since the last quarter. This is due mainly to tax collections offset with debt payments and payments for the road program.
- ❖ The rate at the LGIP increased one basis point (0.01%). Everything else was stable at very low rates.
- ❖ Based on the balances at quarter-end, the average yield for the quarter remains at 0.06% for the fourth quarter.

MEMORANDUM

To: Public Works Committee
 From: Judith A. Neu, Village Engineer
 Date: January 27, 2022
 Re: **CTH VV (Main Street) and Plainview Road Water Main – Construction Bids**

Bids for the CTH VV (Main Street) and Plainview Road Water Main project were received and opened at 2:00 PM on Wednesday, January 26, 2022. Eight (8) bids were received and are listed below.

Contractor	City, State	Base Bid Total	Alternate #1 Total	Base Bid Total + Alternate #1 Total
Globe Construction, Inc.	Pewaukee, WI	\$887,766.50	\$30,154.00	\$917,920.50
Vinton Construction Company	Two Rivers, WI	\$902,126.41	\$22,292.00	\$924,418.41
UPI	New Berlin, WI	\$952,460.15	\$28,733.00	\$981,193.15
Willkomm Excavating & Grading, Inc.	Union Grove, WI	\$1,035,145.95	\$37,499.05	\$1,072,645.00
DF Tomasini Contractors, Inc.	Sussex, WI	\$1,027,746.15	67,810.00	\$1,095,556.15
MJ Construction, Inc.	Milwaukee, WI	1,110,946.00	\$36,325.00	\$1,147,271.00
Mid City Corporation	Butler, WI	\$1,112,008.95	\$56,600.00	\$1,168,608.95
Super Excavators, Inc.	Menomonee Falls, WI	\$1,329,248.00	\$89,575.00	\$1,418,823.00

We have reviewed the bids and the qualifications of Globe Construction, Inc., the low bidder. Based on previous work done for the Village and other municipalities, and a review of their Bidders Qualification Statement, we find that they are capable of performing the work described in the Contract Documents.

Our Pre-Bid estimate for the base bid plus alternate #1 was \$927,516.00 without contingency. ARPA Funds will be used to cover the water portion of the project. Leftover Sewer Utility funds from the 2021 Road Program will be used to cover the sewer portion of the project.

The Base Bid for the project primarily consists of a water main extensions along CTH VV west of STH 164 to Alpine Drive and along Plainview Road from west of the railroad tracks to Bluebill Drive, both of which will provide much needed second sources of water to those areas. It also includes installation of new Insert Valves and removal of existing nonfunctional valves at the Main Street and Waukesha Avenue intersection and surrounding the Silver Spring Drive and Waukesha Avenue intersection. And finally, it includes spot repair of a sanitary sewer main and lining of the main along Silver Spring Drive west of Sussex Creek.

Alternate #1 is the cost of lateral installation to eliminate the private main along Silver Spring Drive and abandonment of the existing for the private sanitary sewer main. This project was discussed at the April 2021 Public Works Committee meeting where the Committee agreed to extend these laterals to the public main and agreed to a budget of \$33,000 less the cost of the abandonment of the existing system which is to be paid by the homeowners. The price received through the 2021 Road Program exceeded the budget, and staff felt that we would likely get better prices if the work was competitively bid as part of this project. Staff recommends proceeding with this alternate as part of the project and will coordinate with property owners on the payment for the abandonment of the private main. Village staff has met with the property owners and they are interested in proceeding with the project.

We expect construction to start in early-April, weather permitting. The contractor will have until September 30, 2022 for Final Completion of the project. As part of this project Plainview Road will be closed during work hours for roughly one month; there will be lane closures on CTH (Main Street); and we anticipate intermittent overnight closures on Waukesha Avenue.

Staff recommends that the contract, including Alternate #1, be awarded to Globe Construction, Inc., at the unit prices specified in their bid for work actually performed. We further recommend a 10% contingency fund (\$91,792.05) be included for a total allocation not to exceed \$1,009,712.55.

MEMORANDUM

To: Village Board
From: Judith A. Neu, Village Engineer
Date: January 27, 2022
Re: Adron Tool Corp Hydrant Maintenance Easement

As part of their site plan, Adron Tool Corp needed to install a private fire hydrant at the far northwest corner of their parking lot for fire protection for the building. In these situations, to help ensure that the hydrant is properly maintained and usable in the event of a fire, it is standard practice for the Village enters into a maintenance agreement with the private property owner. The attached easement document grants the Village permission to enter the property to inspect and maintain the private hydrant and sets forth how the owner will reimburse the Village for its time and expenses. Staff recommends that the Board approve the easement with Adron Tool Corp.

HYDRANT MAINTENANCE EASEMENT

Document Number

Document Name

This Hydrant Maintenance Easement is made this 21st day of DECEMBER, 2021, by and between BKH Properties LLC, a Wisconsin limited liability company ("Grantor"), and the Village of Sussex, a Wisconsin Municipal Corporation ("Grantee").

Recitals:

- A. Grantor is the owner of that certain real property located in the Village of Sussex, Waukesha County, Wisconsin, more particularly described in Exhibit "A", attached hereto and incorporated herein by reference (the "Property").
- B. Grantor has received a conditional use permit from the Grantee for the construction and operation of a mixed-use development on the Property. Re: WWTF Raw Sewage Pump #3

Raw sewage pump #3 had a severe vibration while operating, and we removed the pump in November 2021 from service and sent it to the factory for inspection and repair. Fairbanks Nijhuis disassembled the pump, sandblasted, cleaned and inspected all components. Pump inspection revealed wear and corrosion on the non-moving parts, to include; discharge head, column pipes, and diffuser bowl. These items can be welded and machined to restore the proper clearances.

Inspection on the parts of the pump that move and push the water; suction bell, impeller, shafts, and shaft tubes, all exhibit excessive wear and corrosion. All of these items are suggested to be replaced, along with bearings, hardware, and gaskets.

All sections of the pump will also be repainted, and a performance test run to insure proper operation.

Costs:

Disassembly, cleaning, sandblasting and inspection:	\$ 48,550.00
Repairs, new parts, rebuild:	<u>44,607.00</u>
Total Pump Costs:	\$ 93,157.00

The pump would basically be a new pump, and be covered by the same warranty as new Fairbanks Nijhuis products. The price for a new pump would be around \$150,000.00

\$ 95,000 was budgeted for the pump repairs in the 2022 budget. The funds would come out of the wastewater treatment plant's equipment replacement fund, in which there is \$961,403.

Re: Purchase of Metal Press Plow for 721 Loader

As the Village grows we in public works are consistently looking for efficiencies of maintaining or even improving the level of service we provide for the residents. The purchase of this plow will definitely improve the level of service we provide during snow plow operations. This plow will be used for the clearing of cul du sacs throughout the Village, shaving hours off the time it takes to complete that task. On average it takes a patrol truck 12-15 minutes to completely plow out a cul du sac. With this plow on our current loader, we figure it will take 5 minutes to clear a cul du sac. Since last winter we have been using a smaller plow on the loader to help plow crews clear their cul du sacs and we have saved each plow route an hour of time. That is a total of 7 hours saved per snow event. Additional time saved will come from the 2 moveable 6 foot wings on each side of the 12' plow. This will allow the operator to have 24' of blade or fold the wings out to scoop the snow. Aside from the time saved it is a much cleaner operation where cul du sac residents have very little if any snow at the end of their driveway, once again greatly improving customer service. I am so confident in this efficiency that our next plow truck purchase could be a loader with the same plow.

I received 3 quotes for the Metal Press MaxxPro1248-24LE and they are as follows.

- 1. Miller Bradford & Risberg: \$47,259.00**
- 2. Burke Truck & Equipment: \$44,495.00**
- 3. Brooks Tractor INC.: \$40,900.00**

Recommendation

Staff recommends purchasing the Metal Press plow from Brooks Tractor. All the plows quoted are the same with equal options so it comes down to price. The preapproved funds will come from the 2022 Capital Outlay Requests. At \$40,900.00 this plow comes in \$350.00 under budget.
